

Registering for Patient Access on MyWay Diabetes - A Quick Start Guide

1 Before you register for MyWay Diabetes you will need:

- an **email address**
- to be **registered for Patient Online Services** with your GP practice (see Step 2, below)
- to ask your GP practice to **enable your detailed coded record** (see Step 6, below)

Please note – normally when you register for Online Services you are required to visit your GP practice in person to show ID to **prove your identity**, however Coronavirus restrictions may apply. **Please check with your GP practice website** or contact them to see how to register.

2 Registered for Patient Online Services:

When you register for Online Services, your GP practice will send you an email with three codes like the ones **circled in red opposite**.

These codes securely connect your MyWay Diabetes registration to your GP Practice and clinical data.

Online Services for Leslie Forster

You have requested access to online services.

Accessing online services

To access online services:

1. Provide the following online services account details when prompted:

Not Registered for Online Services

If you have not registered for online services, you need to attend you GP practice with some photographic ID and fill in a form. You should then be emailed your codes.

Registered but no codes available

You should check your email inbox for an email at the time of registration. Try searching under topic 'online service'. To re-request your codes, please get in touch with your GP surgery.

Need more info?

Fill in your email address here and we will send you more information about registering for online services and send you reminder about completing the registration process
