

Discover digital solutions for chronic care

For patients and clinicians

Diabetes

Prediabetes

CVD

Weight Loss

Let us create your locally branded long term conditions patient website:

A white-labelled website with hundreds of open-access, multi-language resources.

- Learning Zone, 'Find a programme', online courses, Apps, Videos, Audios.
- Accredited online courses covering Diabetes (*type 1, type 2, gestational*), Diabetes Prevention, Cardiovascular Disease (*hypertension, AF, heart failure, stroke, peripheral vascular disease*), CVD Risk Management, and Weight Management.
- Patients get detailed access to their health records, in a clear dashboard, with explanations and tailored advice.
- Remote monitoring through home data input or device integration like FitBit.
- Local content and signposting to local health programmes and services.

Proud supplier to the

Supporting **1,142,000** people living with chronic conditions in England ¹

We support digital inclusion

1. Regional and National coverage in England, Sep 2024.

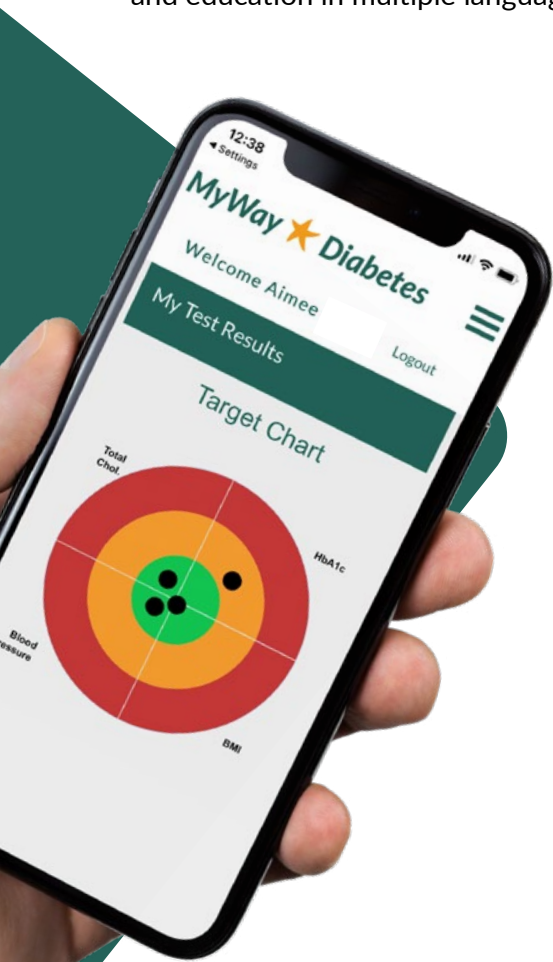

Delivering results and improving lives!
